### PRODUCT APPLICATION GUIDE

**Thread Sealing**
- **Loctite® 55 HELICOIL**
  - Thread Sealing
  - High strength, excellent for high pressure applications.

**Structural Bonding**
- **Loctite® 222 SUPER SCREW LOCK**
  - Very high bond strength.
  - Excellent for high pressure applications.

**Retaining**
- **Loctite® 641 MACHINING BONDER**
  - For use with stainless steel.

**Gasketing**
- **Loctite® 560 SILICONE**
  - Excellent for high temperature applications.

**Lubricating**
- **Loctite® 404 ULTRA FAST PASTE**
  - Excellent for use with stainless steel.

**Surface Preparation**
- **Loctite® 770 P/P PRIMER**
  - Excellent for use with stainless steel.

**Applications:**
- **Loctite® Hand Wipes**
  - For cleaning and preparing surfaces.

---

**Loctite® 222 SUPER SCREW LOCK**
- **Features:**
  - Very high bond strength.
  - Excellent for high pressure applications.

**Loctite® 277 SINGLE-COMPONENT GLUE**
- **Features:**
  - Excellent for high temperature applications.

**Loctite® 770 STRUM & GAS**
- **Features:**
  - Excellent for use with stainless steel.

---

**Loctite® 55 HELICOIL**
- **Features:**
  - High strength, excellent for high pressure applications.

**Loctite® 641 MACHINING BONDER**
- **Features:**
  - For use with stainless steel.

**Loctite® 560 SILICONE**
- **Features:**
  - Excellent for high temperature applications.

**Loctite® 404 ULTRA FAST PASTE**
- **Features:**
  - Excellent for use with stainless steel.

**Loctite® 770 P/P PRIMER**
- **Features:**
  - Excellent for use with stainless steel.

**Loctite® Hand Wipes**
- **Features:**
  - For cleaning and preparing surfaces.
